

Leadership & Management

Building confident leaders who inspire, empower and lead with integrity.

Audience:

Providers, Registered Managers, Deputy Managers and other staff with leadership and management responsibilities.

Duration:

6 hours of training (delivered as a single session or split into 2 x 3-hour sessions for flexibility)

Course Content

An interactive course focusing on real-world tools that participants can apply immediately.

- **Leadership vs. Management**

Learn the critical differences and how to apply both for team and service success.

- **Strength-Focused Leadership**

Explore frameworks to leverage individual strengths and inspire teams.

- **Proactive Leadership Techniques**

Gain insight into proactive improvement strategies to respond effectively to challenges and drive growth.

- **Learning from Challenges**

Techniques for constructive responses to setbacks, fostering a culture of accountability.

Benefits of Attending

1. Enhanced Confidence

Gain the confidence to make informed decisions and lead with integrity.

2. Balanced Leadership and Management

Learn how to navigate the nuanced differences, ensuring a holistic approach to team and service success.

3. Proactive Problem Solving

Develop strategies to address challenges constructively, fostering growth and resilience.

4. Immediate, Real-World Application

The course emphasises actionable skills and techniques that benefit daily practice right away.
